

## Ministry of Trade

### PRESS RELEASE

**For Immediate Release**

**March 15, 2021**

**Lilongwe**

#### **ISSUANCE OF MAIZE EXPORT LICENCES**

The Ministry of Trade wishes to inform Exporters and the general public that it has started issuing Maize Export Licences. This decision has been taken by Government to allow the economy offtake excess stocks of maize from last year's harvest for export and to create storage room for this year's harvest.

The Ministry wishes to stress that the Maize export licences will only be issued to Exporters with proof of verifiable Maize Stocks from the previous Agricultural Season. The licences to be granted will have a validity period of **3 Months** from the date of issue. The exporter will be required to undertake a commitment to inform the Ministry about the Export Proceeds received after 180 days from the date of export.

Furthermore, the public is, hereby, reminded that under the Control of Goods Act (COGA), 2018, Maize is a controlled commodity, the export of which requires a license. Therefore, Traders intending to export Maize are requested to submit their applications for Maize Export Licence to the Ministry with the following supporting information:

1. Physical address of the business and warehouses where the maize is stocked;
2. Business Registration Certificate or Certificate of Incorporation;
3. Business Residence Permit or Permanent Resident Permit for non-Malawians;
4. Identification Document; and
5. A letter of authority to export from the Ministry of Agriculture stating source of maize, quantity, and destination country.

Government would like to assure the Nation that the exportation of Maize would not affect the food security situation of the country due to a projected bumper Maize harvest for the 2020/2021 farming season following successful implementation of the Affordable Input Programme (AIP).
